Investor Information

STRABAG completes acquisition of KEE Surfacing in Australia

Perth/Vienna, 25 November 2026

- **Acquisition of KEE Surfacing completed following approval by the Australian Competition and Consumer Commission (ACCC)**
- **KEE Surfacing expands STRABAG's operations in Australia with asphalt production and additional road construction capacity**
- **Annual revenue of KEE Surfacing around € 52 million**

Following its successful entry into the Australian market with the acquisition of Georgiou Group in March 2025, STRABAG has now completed the acquisition of KEE Surfacing Pty Ltd. With the transaction approved by the Australian Competition and Consumer Commission (ACCC), the Western Australia-based company is now part of the STRABAG Group.

KEE Surfacing employs around 70 people and generates annual revenue of approximately € 52 million. The company provides services including asphalt production and laying, spray sealing, pavement milling and base course construction for transport infrastructure projects across Western Australia.

> With the successful completion of this acquisition, we are continuing our growth trajectory in Australia. KEE Surfacing complements our existing business with additional expertise in asphalt production and road construction, further strengthening our vertical integration. Together with Georgiou Group, we are laying a strong foundation for further growth in the Australian infrastructure market. We are delighted to welcome the employees of KEE Surfacing to the STRABAG Group.

About STRABAG SE

STRABAG SE is a European-based technology group for construction services, a leader in innovation and financial strength. Our activities span all areas of the construction industry and cover the entire construction value chain. We create added value for our clients by taking an end-to-end view of construction over the entire life cycle – from planning and design to construction, operation and facility management to redevelopment or demolition. In all of our work, we accept responsibility for people and the environment: We are shaping the future of construction and are making significant investments in our portfolio of more than 250 innovation and 400 sustainability projects. Through the hard work and dedication of our approximately 89,000 employees, we generate an annual output volume of around € 20 billion.

Our dense network of subsidiaries in various European countries and on other continents extends our area of operation far beyond the borders of Austria and Germany. We pursue a clear **sustainability strategy** designed to make planning, construction and operation fit for the future.
