- **Contract value: €113 million**
- **Project schedule: 30 months**

Doha/Qatar, 19 April 2019 Züblin International Qatar L.L.C., a member of the STRABAG Group, has signed a contract for the design and construction of an infrastructure project in Doha, Qatar, worth € 113 million. The company will build a wastewater pumping station by July 2021.

The works include the construction of a wastewater pumping shaft with a depth of 50 m, a diameter of 36 m and a planned pumping capacity of 6,000 l/s. Also being built are an upstream screen shaft with a similar depth and a diameter of 24 m, including a state-of-the-art odour control system, as well as ancillary buildings and facilities.

“Our geographic focus is on Europe. But we also work on large infrastructure projects internationally when our technological expertise is needed,” says Thomas Birtel, CEO of STRABAG SE.

**STRABAG SE** is a European-based technology group for construction services, a leader in innovation and financial strength. Our services span all areas of the construction industry and cover the entire construction value chain. We create added value for our clients by our specialised entities integrating the most diverse services and assuming responsibility for them. We bring together people, materials and machinery at the right place and at the right time in order to realise even complex construction projects – on schedule, of the highest quality and at the best price. The hard work and dedication of our more than 75,000 employees allow us to generate an annual output volume of around € 16 billion. At the same time, a dense network of numerous subsidiaries in many European countries and on other continents is helping to expand our area of operation far beyond the borders of Austria and Germany.
