“We are very pleased to be able to report of our second major order in the Czech Republic this year following the construction of a section of the D35 motorway,” says Thomas Birtel, CEO of STRABAG SE.

The work on the Soběslav–Doubí section comprises the completion of the 11.3 km long double-track line, the connection of the constructed section to the Soběslav railway station and the erection of seven bridge structures – including two viaducts with a total length of 1,095 m. The Zvěrotický Tunnel with a length of 370 m, a telecommunications system and noise barriers with a total length of 1.6 km will also be completed. The construction of new station platforms and the dismantling of the original single-track line also form part of the contract.

STRABAG SE is a European-based technology partner for construction services, a leader in innovation and financial strength. Our services span all areas of the construction industry and cover the entire construction value chain. We create added value for our clients by our specialised entities integrating the most diverse services and assuming responsibility for them.
